

Peoria County

Recycling Guide

BUILDING SUSTAINABLE COMMUNITIES

Find local recycling solutions for your home, school, and business.

***Deposit only specified materials to keep programs in place.

- Placing anything else in bins or carts is "Wish-cycling"- the most expensive disposal method of all.
- Empty and rinse all containers of residual food or products.
- Do not need to remove tape or labels from packaging.
- Do not need to remove staples from paper.

Due to changing markets, Glass bottles/jars may not be accepted at drop-off centers.

Check your local program for any changes.

PLEASE DO NOT DEPOSIT
any plastic bags, Styrofoam, food contaminated items, glass, furniture, carpet, or garbage.

- Brimfield Library**, 111 S Galena
- Chillicothe/Wigand Disposal customers**; 19908 IL Rt. 29, Chillicothe
- Edwards-Peoria City/County Landfill**; 11501 W Cottonwood Rd.
- Kickapoo**; Kickapoo Township Bldg, 10025 W US Rt.150 (does not accept glass)
- Mossville/Chillicothe**; Midwest Fiber, 11709 N Galena Rd. (309) 579-2605 (may accept glass bottles)

May accept glass bottles at facility
**Call (309) 925-5511 for more Tazewell County sites.
- Princeville**; Highway North Station, 9291 Parks School Rd. (does not accept glass)

Thanks to YOUR commitment to the 4Rs, we can realize benefits for our environment, public health, & economy.

Recyclables are created with precious natural resources that still have value. Recapturing materials into valuable raw materials, recycling creates jobs, reduces pollution, extends life of current landfills, saves natural resources & energy, and stimulates the economy through market development & green technology.

- Reduce- buy what you need**
- Reuse- use materials again & again**
- Recycle- collect materials & produce into new items**
- Rot- compost landscape & food waste for soil**

Local vendors depend on clean products to get a competitive commodity price. Contamination significantly increases the cost to process recyclables. Don't toss questionable items in bin hoping they can somehow be recycled. It wastes time, money, & creates more waste.

Check out peoriacounty.org/recycle for updates, environmental information, & events.

The Illinois EPA website has additional opportunities for citizens. View www2.illinois.gov/epa/pages/default.aspx

Updated August 2022 Printed on recycled paper
